Talking Bikes over Breakfast at Le Cafe' after Our Ride

Miami – You Want to Ride!

Sixty five people came out bright and early on a hot Sunday morning yesterday to ride our city streets and become better, safer, more confident urban cyclists. We had a great group of Moms and Sons, Seniors and College Students, Experienced and Novice riders from not just the Upper Eastside but also Coral Gables, Miami Beach, the Roads, Liberty City, West Miami and other neighborhoods.

We met at the [City of Miami Upper Eastside NET Office](#), located at Legion Park on Biscayne Blvd. Participants were lead through the 'A-B-C Quick Check', a list of [tips for riding safely \(and legally\)](#) on Florida roads and helmet fitting. The NET Administrator, Maria Mascarenas, opened her office and offered cold water to fuel our trip. [Commissioner Sarnoff](#) brought his staff and we all rode out with members of the [City of Miami Police Bicycle Unit](#) and Chief of Police John Timoney.

Thanks to John, Bill and everyone who wrote to us and shared their thoughts from this 'beyond expectations' event. **We join you in thanking our Police, without whom we could not bring these great rides to the community.** Our next ride will take place in August (Sunday morning to be determined) in the Little Havana/Roads neighborhood.
